**220** You are their big love.  
**221** They are your big love.  
**222** They have somebody else.

## DIRECTIONS

Think of one person for all of the questions. Answer the questions and add a tally mark to your **Yes**, **No**, or **?** column on the scoring sheet. Do not use a bundling method. After you've answered all of the questions, mark off every group of three. Count the remainders of each set to get one digit of your answer, creating a three digit number that corresponds with the answer codes.

*answer and tally*

YES		
NO		
?		

*bundle groups of 3*

YES		0
NO		2
?		0

*find the "truth"*

**020 They are not serious.**
